**FROM THE HILLS OF TUSCANY TO
A HILL IN THE HARWICHES**

There is a little town in Italy on the center of Chianti called Greve. It sits amongst the rolling hills that explode with vineyards producing some of the finest Chianti and Super Tuscan blends in all of Italy.

We would like to transport you to our favorite trattoria - a little hole in the wall - in the square between the butcher shop and the bakery in the town of Greve.

So come in, relax, have a glass of wine, a piece of cheese and let your journey begin.
